Perfectionists Create Masterpieces

Inspiring switch design options

They leave their signature mark on everything, without even trying. This is the spirit that Havells Crabtree believes in. When aesthetics combine with state-of-the-art technology, you get a product that shines through its competition. These ranges of switches from Havells Crabtree are designed to dazzle.

ABOUT US

Redefining the modern homes with innovation and excellence

Havells is at the forefront of transforming modern living spaces by offering innovative solutions that elevate everyday experiences. With a deep understanding of consumer needs, the company has expanded its footprint across every aspect of home life, creating environment that are not only functional but also comfortable, stylish, and future-ready. To make these solutions accessible, Havells leverages an extensive distribution network encompassing 18,000 dealers, over 1,000 exclusive brand stores, intensifying presence in modern retail, e-commerce and quick commerce.

The company's portfolio includes power brands like Havells, Havells Crabtree, Lloyd, REO, Havells Studio, and Standard each designed to cater to the unique demands of today's consumers.

Anchored in the 'Make in India' initiative, Havells operates 16 cutting-edge manufacturing facilities across India, producing 90% of its products in-house. At the forefront of Havells product evolution lies its Customer Experience & Designs (CXD) Studio, where creativity and user-centric design converge. This is complemented by its Centre for Research & Innovation (CRI), supported by four advanced R&D centres, enabling Havells to consistently deliver products that are both functional and visually compelling.

Driven by a commitment to innovation, quality, and design, the company also upholds sustainable practices throughout its operations, including eco-friendly manufacturing processes and energy-efficient product design, contributing to a greener and more sustainable future.

Presenting MURANO

SWITCHES

The show-stopper, the conversation starter. An absolute thunder-stealer. It's exactly what you need when you wish to stand out and won't settle for anything less than the best.

Futureproof switches

Our switches are designed for inductive and resistive load with 10 AX and 16 AX ratings.

Lifetime endurance

Our switches are tested for over 1 lakh plus cycles and our sockets for over 5000 cycles.

Experience & convenience

Our switches range offers unique features such as soft action switches, USB Sockets, Child safe sockets and many more options for increased convenience

Designed for safety

We strictly adhere to BIS standards: IS3854 & IS1293 and our products are IP20 protected. We offer shuttered sockets, shrouded terminals and arc shield for zero visibility of sparks.

Inspiring switch design options

Our switches come in a variety of exciting design options to suit every need.

Designed with Perfection **Athena**

SWITCHES

A combination of aesthetically appealing design and excellence of high level engineering. The Athena range has been aesthetically designed to complement your tastefully designed interiors and give your home the beauty it deserves. These ranges enhance the Beauty of the walls they adorn with options like the Decorative Amare range, Moderna and the Classic Athena range.

Takes good Care of your hygiene

Havells Crabtree's unique ViruzSafe™ Technology has been tested for both Viruses & Bacteria, which within 1 minute of virus exposure on the exposed surface area of Switch knobs, Sockets, Front Plates etc. ensures 92.55%* anti-viral efficacy and within 2 hours ensures 99.89%* anti-viral efficacy. Along with this, it also ensures anti-bacterial efficacy of 99%* within 24 hours. Anti-Viral & Anti-Bacterial efficacies have been tested using International standards – ISO 21702 & JIS 2801 respectively. These features are introduced in Havells Crabtree's legendary Athena White and Signia White ranges.

Athena

Signia

Complete peace of mind

SAFETY

Our switches are designed for safety with strict adherence to BIS standards. They feature shuttered sockets, Arc shield to avoid spark visibility, IP 20 protection and shrouded terminals as well.

CONVENIENCE

Convenience is at the core of our designs. We offer ease of installation with front loading and fast removal mechanisms. Our Switches with double rocker mechanism have a soft action, our fan regulators offer a 8 step hum free experience and our USB sockets offer 2.1 A fast charging options.

FUTURE PROOF

Longevity is one of the most important aspects when creating these switches. These switches can handle both Inductive and resistive loads and offer a long, trouble free usage life.

Switch to peace of mind

Presenting Crabtree **Soft Action Switches** that require low force to operate and create minimal noise to help maintain the silence for your loved ones.

Fabio

S E R I E S

Intelligent Designs

Presenting Fabio, a unique range of switch plates that give you the flexibility of installing them vertically or horizontally, as per the available space. Its best-in-class safety and contemporary design features fit your décor beautifully.

Fabio

Intelegant Designes

The idea behind Fabio originated from a thought that a small but unique change can create a big impact, if only we look at a challenge from a different lens. And hence the uniqueness of Fabio's dual-orientation made it a perfect solution for managing the space constraint challenge, where most ordinary switches fail to fit.
